

1485 Sunrise Drive | Arthur, Illinois 61911

Dear Valued Customer,

Thank you for your inquiry regarding your recently purchased garage door and potential Energy Efficiency Home Improvement Credits. To be applicable for the Section 25C Energy Tax Credit under form 5695, exterior doors must be ENERGY STAR® and National Fenestration Rating Council (NFRC) certified. At this time, we do not have any approved products in the ENERGY STAR® program and therefore are not eligible for this credit and cannot provide you with a Qualified Manufacturer Identification Number.

Sincerely,

Derek Robbins  
Residential Product Manager
